## LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality -- the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. Oprah, you have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality Chart!

### ***Your Life Path is 13/4***

Oprah, you are practical, down to earth with strong ideas about right and wrong. You are orderly and organized, systematic and controlled, you are decisive and methodical employing a step by step rational approach to problems solving. Once committed you do not give up easily!

You are not one for "get rich quick" schemes. Rather you use hard work and long hours to build a business or career; you seek to establish a solid foundation. Precise, tenacious and persevering, you have great potential for success, but only after putting out effort and overcoming the limitations you so often encounter. Justice and honesty are sacred to you. You are reliable and dependable, a cornerstone in the community.

Though not an idealist, you are willing to work for a better world in a realistic way. However, you can be rigid in your ideas and sometimes too quick in judging your fellow man. You are loyal to those you love and work well with others. It is important that while being part of a team you have your own responsibility and well-defined tasks -- you perform better when your responsibilities are not overlapping with those of others. You have to be careful not to be bossy and rude. You possess rare discipline and perseverance and not everyone can keep up with you.

Oprah, you can handle money carefully and like the security of a nest egg.

Your love of work often leads you into a career early in life. Because of your

methodical nature you can easily become rigid and stuck in convention. You can also be overly cautious when changes are necessary, this can cause you to miss opportunities that present themselves. You must cultivate flexibility in your character. You are well suited for marriage and often become a responsible loving parent. However, anything that violates your profound sense of order, such as separation or divorce can be a shattering experience for you. You easily become obsessed and even vengeful, seeking your own definition of justice.

You are courageous and a true survivor. You are a builder and the foundation of any enterprise. Your hard work and practical, traditional values pay off to provide you with the rewards you seek and deserve.

Oprah, your 13 Life Path is somewhat burdened by the presence of a Karmic Debt.

Those with the 13 Karmic Debt will work very hard to accomplish any task. Obstacles stand in their way, and must be overcome time and again. One may often feel burdened and frustrated by the seeming futility of one's efforts. There may be a desire to surrender to the difficulties and simply give up on the goal, believing it was impossible to attain in the first place. Some with the 13 Karmic Debt fall to laziness and negativity. But efforts are not futile, and success is well within reach. One simply must work hard, and persevere in order to reach the goal. Many highly successful people in all walks of life, including business, art, and athletics, have a 13 Karmic Debt.

The key to succeeding with the 13 is focus. Very often, people with the 13 Karmic Debt do not concentrate or direct their energies in one specific direction or on a single task, but scatter their energies over many projects and jobs, none of which amount to very much. A temptation with the 13 is to take shortcuts for quick success. Too often, that easy success doesn't come, causing regret and the desire to give up. The result is a poor self-image, and the belief that one is incapable of amounting to very much.

In order to focus, you must maintain order in your life. Order is essential to success. You must maintain a schedule, keep appointments, and follow through. Keep your environment neat and under control, and never procrastinate. If you sustain a steady and consistent effort, you will realize much reward.

## **BIRTHDAY**

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your four core numbers -- the Life Path, Expression, and Heart's

Desire being the other three. It is the least significant of the four core numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

### ***Your Birthday is 29/11***

You are highly intuitive and creative. Oprah, your mind thinks in pictures. You seem to draw information and ideas from out of the sky.

Your intuition is your gift, along with a powerful drive to know the Oneness of all things. You are so driven by spiritual pursuits that no matter what you do in life, the world of spirit and philosophy will be central to your daily behavior. You feel linked with the larger universal forces, and nothing will change that.

You have a fine mind and keen insights, but these do not come as a result of logic or rational thought. You are more likely to direct your life by inspiration, rather than by calculated reflections.

On some level, you know that you are in the hands of destiny, and that you must surrender to the higher powers that shape your life. You are usually a late bloomer. Your early and middle 30s tend to be years spent in apprenticeship and slow development. During this period, you can become frustrated with your progress, or the apparent lack of it.

Oprah, you need to develop faith. You are a highly-charged person with much to do, but you must develop character and sound judgment before you begin to tap your true potential. Just as a tree needs roots to grow tall, so too do you need to develop depth of character in order to begin to expand in the ways you desire and ultimately envision.

Your highly-developed intuition makes you a wonderful counselor, healer, or health practitioner. You have a gift for inspiring people. Many people admire you without your knowing it. You are a visionary, and others sense your wisdom.

You are acutely sensitive and easily influenced by your surroundings. You love beauty and harmony. You crave social interaction and much attention. You can be very emotional, often experiencing extremes of happiness and sadness. You are usually too easily hurt.

You get depressed easily and feel a lack of confidence during times you are in a dark mood.

Despite your sensitivity, you possess leadership abilities. You are modest, diplomatic and polite. You have the ability to persuade and can be quite forceful.

Oprah, your high sensitivity to others makes you compassionate, kind, and gentle. You have an opportunity for fame and success as long as you do not pursue either as your gods. Look for ways to help others and convey a larger message, with which you were blessed. This will bring you the material and social fruits you desire.

## EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be.

The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

### ***Your Expression is 7***

Oprah, you are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher.

You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers you insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

Oprah, you need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the search for knowledge as seriously as you do. This can

cause you to be critical of others, and even cynical about life in general.

The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field. You are a perfectionist.

You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards, satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the path to peace and balance.

Oprah, you have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

## MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name.

The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

### ***Your Minor Expression is 5***

Your short name adds considerable flexibility and versatility to your personality. Oprah, you now enjoy more travel and adventure. You are more curious about people, new places, and seek out more excitement in life.

You are more dynamic and alive. New and original ideas come quicker to you. You are a good deal more creative. Your verbal skills are increased and your ability as a salesperson or promoter enhanced.

You suffer more when confined by restricted spaces or rigid rules. You yearn for greater freedom of movement and expression. You are more likely to strike out on your own, with your own ideas or methods.

## HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth -- you, the spiritual being.

### ***Your Heart's Desire is 13/4***

You like to live a stable, well organized life. You dislike sudden changes. You prefer orderliness in all things. You have a systematic mind that is reflected in everything you do. You can establish and maintain a routine. You are exacting with details and quite thorough.

You like to carefully analyze a problem and then tackle it in a logical and practical approach. You want to be dependable, a rock of strength and an example of discipline for others.

Work is central to your life, but you may have a tendency to overdo it; you can easily become a workaholic if you're not careful. You have a great deal of energy and can accomplish a lot.

You want a family and you are a good parent. You may carry the discipline and the need for orderliness too far, especially in your family, making children and spouse feel oppressed and limited. Flexibility is your key to harmony and balance in life. For you, structure is more important than freedom, which you tend to interpret as chaos. But others do not have your need for well defined systems, in fact, they may feel deeply inhibited and uncomfortable with it. The peace you get from orderliness may represent a prison to someone else.

Oprah, you need and want much love, but you are not very demonstrative. You can be a little rigid and stubborn.

You are honest and unpretentious. You detest liars and affectations. You can be very determined and tenacious. You are the bedrock of any enterprise. You have the courage to go into the nitty gritty of a problem and come up with a solution. Try not to lose sight of the larger picture and dream while you plumb the depths of the bottom line.

## MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

### ***Your Minor Heart's Desire is 12/3***

Oprah, your shortened name adds enthusiasm, creativity, and liveliness to your personality. You have a greater facility with words and a deeper appreciation for the arts. Writing, singing, acting, and dancing all come easier, especially if you already have talent in any of these areas.

Your Minor Heart's Desire encourages you to be more social, more flexible, and fun-loving. It makes you less serious.

You are wittier and much more inspiring. The 3 provides you with uplifting energy which can motivate others.

## PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this

reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with -- people or situations -- but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

### ***Your Personality is 12/3***

Oprah, you are highly attractive. Many men with a 3 Personality are very handsome; women are often strikingly beautiful.

Your vibration is full of life. You are uplifting, inspiring, and charming. You are a fun person to be around. Your wit and sparkling personality make you the life of a party.

You are extroverted and optimistic. You appreciate fine clothing and jewelry, and enjoy dressing up a bit. You like glamour, and are sought after by the opposite sex.

You are a romantic. Oprah, you fall in and out of love rather quickly. You are affectionate and giving.

Do not let your charm be an incentive to play too much. Work at developing deep and lasting relationships. You have to avoid scattering your attention for popularity.

You can be flippant about commitments and may dramatize or exaggerate.

Your wit can cause you to rely too much on superficial, humorous conversation.

You have a distinct "lucky streak" that attracts many opportunities throughout your life. You also have a knack of promoting yourself as well as inspiring others. When backed up by hard work and self-discipline, these qualities almost ensure your success.

## **MATURITY**

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life. This, in a nutshell, is the gift of maturity: You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the

fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

### ***Your Maturity is 11/2***

As you mature, Oprah, you will discover that you possess a growing talent for understanding and working with other people. Your ability to influence others through tact and diplomacy will grow. These talents will further you along in your career or business. You will become increasingly shrewd, and will learn the art of discrimination. Your sensitivity to the needs and desires of others improves dramatically. You will be able to evaluate their motivations with a growing clarity and uncanny accuracy.

You find you can get more done by persuasion and gentle guidance than by force.

Oprah, you may well have to learn to assume the role as the power behind the throne. Your influence is less public, and you may not always receive the public recognition you deserve. However, your satisfaction comes from seeing the fruition of your own ideas come about, the result of teamwork and cooperative efforts.

If you already have many 2s in your chart, especially in the core numbers, you may become overly sensitive, a characteristic you will have to keep in check. If you have few 2s in your chart, the influence of your Maturity Number will greatly increase your ability to work harmoniously with other people.

## **HIDDEN PASSION**

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

### ***Your Hidden Passion is 9***

Warm, generous and compassionate, you would do well and be quite happy in any undertaking that not only supplies you with a decent living but also is for the

good of all. Oprah, you are artistic. The nine is responsible for many of our creative geniuses, however these talents are often suppressed, sometimes coming to the surface at middle or old age. You have a strong desire for insight and universal knowledge. You are emotional, your feelings are not always sensible and they are too often suppressed. You can get caught up in dreams and ideals without being practical, but with enough fire and enthusiasm to attract support. Your oratorical abilities save many a situation. You are driven to do your own thing and are quite independent.

## BALANCE

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult or threatening situations.

### ***Your Balance is 9***

You will find your solutions by empathizing with the concerns of others Oprah. You have a gift for understanding a wide variety of people and seeing the broader picture. But too often you retreat to aloofness, a kind of Ivory Tower, in which you regard yourself as an aristocrat, above the masses. Oprah, you will find your solutions by coming down to the practical reality where people live. It is in giving that you will receive.

## PINNACLES

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life.

The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with.

You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. Oprah, you will likely make some life-altering decisions -- marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change -- internally as well as externally -- is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s -- the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

### ***Your First Pinnacle (from birth until age 32) is 3***

This is a highly creative period. Oprah, your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward.

This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature.

You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past.

All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities.

Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

***Your Second Pinnacle (from age 33 until age 41) is 3***

(This Pinnacle is the same as the First, as described above.)

***Your Third Pinnacle (from age 42 until age 50) is 6***

Under this Pinnacle you will be very involved with family, friends, and your community. Oprah, you will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well.

Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. Oprah, you must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world.

You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Oprah, your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits.

Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong, or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate

and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

### ***Your Fourth Pinnacle (from age 51) is 2***

Oprah, this Pinnacle causes you to be extremely sensitive, intuitive, and full of insight. It is a period that requires patience and the development of inner awareness. You are being asked to use gentle power and persuasion to obtain your desired goals. Direct approaches, forceful displays, and confrontations will likely work against you. You will find the most satisfactory roles to be supportive.

You are now a gifted advisor, a diplomat and a peacemaker. Your insight into other people's feelings and motivations is so acute that you seem to be able to see right to the core of things. But rather than use these gifts to create differences between people, you must use them to create peace, to mend rifts, to harmonize.

Oprah, your challenge during this period is to bring balance to duality in every Form, and at every level. You will recognize the value of both sides of an argument and be able to see the middle ground where peace can be made. You can create the atmosphere in which both sides can compromise and work harmoniously. You are the glue that keeps people and important projects together.

The weaknesses you must face and overcome are too much sensitivity. You may be tempted to indulge your feelings, to be too easily hurt. You may lack self-confidence, especially at the beginning of the Pinnacle when your heightened sensitivity and awareness make you conscious of your own shortcomings. You may succumb to fear and hesitation. All of this can lead to emotional turmoil.

Oprah, you need courage and the willingness to reach out for support.

Your sensitivity will make you acutely appreciative of beauty and harmonious environments. At the same time, you need beauty and harmony around you.

You have an increased appetite for music and the arts in general. You may find your musical talents coming to the surface. If you do not already play an instrument, give in to any inclination to take one up.

A person in a 2 Pinnacle who uses his or her sensitivity, understanding, and insight is very appreciated by others. You may not fully realize just how much others appreciate and respect you. This may cause you to feel undervalued, or that you are not getting the recognition you deserve.

You appear shy and humble, particularly if this is your first Pinnacle, but inside there is much pride that must be kept in check.

You may want to hide from the tumult of life, or from difficult situations. This may tempt you to color the facts in order to protect harmony. Be careful of this tendency, because it often backfires.

You have an eye for precision and detail. Your taste in all aspects of life is enhanced and you possess a certain class that others admire. If you make the most of these qualities, your appearance is considerably improved, making you both attractive and graceful.

The world depends on those who maintain harmony and balance.

## CYCLES

Like most stories, there are three great divisions of our lives: the First, or opening period, finds us groping to find our true nature; at the same time, we are trying to cope with the powerful forces that are present in our environment, our parents and the socio-economic conditions of our family, for example. The Second Cycle, or middle period of our lives, brings about the slow emergence of our individual and creative talents. The initial part of this cycle -- the early and mid 30s -- represents a struggle to find our place in the world, while the late 30s, 40s, and early 50s, sees us with a greater degree of self-mastery and influence over the environment. The Third, or final Cycle, can represent a flowering of our inner being, such that our true nature has finally come to fruition. It is during this period that one has the greatest degree of self-expression and power.

### ***Your First Cycle (from birth until age 32) is 1***

This is a period of much intensity. It requires fortitude, courage, and flexibility. Oprah, you will be forced to use every one of your talents in order to achieve your own personal individuality and independence. This is a period of integration and a focusing on your life's dream. Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality. This cycle marks a time of progress.

### ***Your Second Cycle (from age 33 until age 59) is 11***

A time of spiritual expansion, even illumination. Oprah, you will grow in understanding and wisdom. It is not a time to pursue material goals for themselves, but to seek the higher human ideals. There is a temptation, however, to chase after the infinite without grounding yourself in the practical. That must be avoided. Focus your studies and deepen your understanding to the point that your knowledge can be conveyed to others in simple and acceptable terms. You possess a message or an ability that should be shared with your community, but only through deep personal transformation and improvement of

self-expression can this gift be given. The more willing you are to work on yourself, the more good you will do for the world at large. For those who accept and embrace this path, there is much reward, including ample financial support and even fame. There is also the deeper satisfaction of knowing that one has made a contribution to the advancement of others.

***Your Third and last Cycle (from age 60) is 1***

(This Cycle is the same as the First, as described above.)

## **ESSENCE**

The Essence Number and the Personal Year Number are the two essential indicators of the forces that will influence your life during the course of any year. While the Personal Year runs from January to January, the Essence is most strongly felt from birthday to birthday. For example, if your essence number is 8 for the year 1988, you would begin to feel the influence of that 8 most powerfully after your 1988 birthday. The influence would begin to wane during 1989 and would finally end at your birthday of 1989.

The Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year, that is, which types of behavior will be supported by your milieu, and which ones will be less effective.

***Your Essence at the age of 55 is 26/8***

This is a period when business and career affairs dominate your agenda. A major new opportunity will unfold to you and you will have to give yourself to it entirely to make it work. It is a time of progress and much personal power, but the demands of the time are equally large, thus requiring careful planning and attention to detail.

All business matters -- including personal economies -- will come under sharp scrutiny. Oprah, you will likely have more money than during previous years, but, conversely, you must be more careful with it.

A new start can be made. You sense the need to grasp it. But you also are aware that it must be treated with great care. Therefore, be astute in all your business dealings. Major mistakes can be made if you are not careful, and they can affect you for some years to come. It a time of cautious use of power. You are being asked to develop wisdom in all your dealings.

Balance -- in areas from your mundane affairs to your eminently important relationships -- is the key to your success. Keep a tight control on your

bookkeeping, while providing strong leadership and gentle guidance to your family or close associates.

It is also a time when old issues -- especially debts from the past -- surface with a vengeance, making it necessary to pay the piper before further progress can be made. The irony is that while you have greater resources, there are often equally large demands made of you.

This is a time, too, when you will realize that you are a survivor. No matter what difficulties you have experienced in the past, this is a period when you can regain a sense of progress in career matters. You will feel that you are doing important work, and will be richly rewarded for it.

***Your Essence at the age of 56 is 26/8***

(The Essence for age 56 is the same as that for age 55, as described above.)

***Your Essence at the age of 57 is 20/2***

Oprah, you must learn to cooperate with others in order to accomplish some greater good. This is not a time to lead, but to follow. You must be content to draw your guidance from the environment and those in positions of greater power. You must maintain your own center, but avoid arrogance, rigidity, and stubbornness. The more you insist on your own priorities, the more resistance will you meet.

This is a period of partnerships. Your success depends on your ability to work with others.

Oprah, you will be extremely sensitive and intuitive. Your powers of understanding will be at an all-time high. These abilities will give you the insight you need to perceive subtle changes in people and situations. You will therefore be better able to adapt to changing circumstances.

Your intuition makes it possible to accomplish great tasks, even though you may not be in a leadership role. The reason: you instinctively know how to react to change, and to gently advise people to go in the right directions.

Oprah, your role as an advisor or confidant is the key to your success during this period. You are learning the lesson of interdependence. You will also come to know how valuable you can be in a more passive role. It is a period to serve, to be the helper, the assistant. Your ability and willingness to work with others will be tested and rewarded.

It is essential that you listen. Be shrewd in your evaluations of others and of situations, but do not enforce your judgments directly on people.

Your sensitivity will make it necessary for you to seek out harmonious and peaceful environments. Be careful of the health of your nervous system. You can become anxious more easily during this period. Therefore, seek out people

you trust; share your deeper feelings; allow yourself to be supported by friends and loved ones. Keep your spirits high and avoid depression.

Music plays an important role during this period. Any musical talent you possess will be enhanced. You even possess a certain physical grace that can emerge in dancing, athletics, or simply walking down the street.

In your passive, centered way, you will be charismatic and attractive to others. People will sense your fine intuition and sensitivity and seek you out for private talks. Be loyal to friends and partners.

Remain strong inwardly and flexible without. In this way you will avoid the obvious difficulties and remain on your path to success.

This is a period of accomplishment through gentle persuasion.

## PERSONAL YEARS

Your Personal Year number is a strong indication of the trends and circumstances you will experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and therefore run concurrent with the calendar year. Transit and Essence cycles are based on the letters of your name and run from birth date to birth date.

There are nine personal year numbers, which makes up a complete Epicycle. Each Epicycle reveals the progression or evolution of a specific part of your growth. Oprah, your progress along this Epicycle can be seen very logically, from the infancy or beginning of a growth period in your life, to the conclusion or culmination of that process. The 1 personal year indicates your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle. Below is a description of your current Personal Year. It indicates where you are on the 9 year Epicycle.

The Personal Years form the building steps that mark your progress through life.

Oprah, April is a 9 Personal Month in a 5 Personal Year. It brings a certain amount of completion in both your personal life and career. It is time to let go and prepare for new adventures. and make sure you save the receipts for deposits and other transactions.

There are indications of upcoming changes in your work environment; you are in the unique position to move to the spotlight. Self-promotion is favorable. You are a little more emotional and vulnerable and may have a tendency to make mountains out of molehills, however.

Someone you care about is leaving, being transferred, or going on a long trip.

Social events make this a hectic month and a certain amount of moderation and discipline is needed.

### ***Your Personal Month for May 2009 is 1***

Oprah, May is a 1 Personal Month in a 5 Personal Year. It brings a sense of freshness or a new beginning in your personal life and career. You have been selected to play an important role in some new endeavor. This is an opportunity to move your career forward but it requires courage and the willingness to sacrifice some short-term goals.

Financially, this is a dangerous time because of the tendency to splurge.

If you are single, you may well be introduced to someone very interesting and attractive. If married, romance is rekindled. Still, new romantic relationships started under this number combination tend to burn out quickly. The attraction is physical and immediate, but may falter as soon as it is put to the test. Even if you are already committed you may well find yourself eye-to-eye with someone very attractive, in which case you may have to show considerable restraint in order to avoid a situation you may later regret.

Oprah, June is a 2 Personal Month in a 5 Personal Year and it enhances your insight into the motivations and emotions of others. You play the role of counselor several times this month. There are changes taking place in many areas of your life this year, and the general instability is felt strongly this month.

Study and reading are more favorable, especially when related to your career. The focus is on relationships at work and at home. You need to trust others enough to open up your heart and reveal your deeper feelings. This is a good time to release some bottled-up feelings.

Romance also plays an important role this month, particularly if you are involved in a relationship that originated fairly recently. Oprah, your enhanced sensitivity and intuition helps you to see the deeper meanings and values, which

make the relationship stronger or....cause a permanent break. A critical issue here is your ability to express your true feelings. Communicate!

An unexpected invitation to visit a friend or relative in some distant town may inspire you to pack your backs and go. This will turn out to be beneficial.

### ***Your Personal Month for July 2009 is 3***

Oprah, July is a 3 Personal Month in a 5 Personal Year. Money matters come to the foreground; debts are called in and close attention should be paid to your bank account.

Oprah, your domestic environment also becomes a source of restlessness and you may have to guard against irrational behavior from your side. At the same time, you reach out to old friends and relatives you have not been in touch with for some time.

Your emotional state is a little turbulent causing you to be moody. Try to maintain equilibrium. This is a month to be somewhat detached from the events and circumstances surrounding your life. higher spiritual values. This is the month to make fundamental and positive long-term changes in your life.

### ***Your Personal Month for September 2009 is 5***

Oprah, September is a 5 Personal Month in a 5 Personal Year. The hectic pace of last month continues. However, the nature of activities is quite different. You are challenged to keep up with events and influences that, at times, appear out of your control. If you are willing to take the changes in stride and "go with the flow", you will find yourself in a better position in career as well as personal life by the end of this month.

This is an adventurous, dynamic, and progressive time, with less focus on details and routine stuff. Social events and romantic adventures highlight the month. The word "adventure" is the operative word: few romances that begin during this time have the emotional depth and substance needed to survive the test of time. However, any relationship begun now still has much to teach you about life and love, so be open to all the possibilities.

Be warned, however. Oprah, you may have a tendency for over-indulging your senses this month. Moderation is wisdom.

Your health may cause you some concern. In most cases, this is the body reacting to changes that have taken place during the course of this year and are only temporary. If problems persist, seek the advice of health counselor or physician.

Study or read and enjoy the much needed quiet after last year's hectic pace.

Domestic affairs play a major role during this year and begin now. However, you will be feeling more intellectual than emotional during this month. Tolerance and forgiveness will not come naturally and you could be a little self-righteous. Try to be more flexible.

Real relationships will become stronger but superficial ones will break down.

Rewards and recognition in your career will also come to you this month. Often, the 8 Personal Month/6 Personal Year brings considerable progress and financial gain.

People will come to you with their problems, seeking an understanding ear and a shoulder to cry on. You feel closer to your fellow man, and because of your attractive disposition you will receive much support from others.

The month of April brings challenges in the area of communication. Be careful what you say and how you say it so you don't stick your foot in your mouth. Actively pursue the things you want in your career, finances, and love-life.

Romance is very positive now and more people find their soul-mate during this period than at any other time during the 9 year cycle.

During the course of this year you have been asked to help, counsel, and advise others many times. Now, give yourself a break. Spend time alone for contemplation and meditation. Study and reading are also favorable. Your workload does not decrease but much of it is routine and allows you to mentally drift. Still, your mind is sharp and you can easily concentrate when you want to.

Inner healing takes place. Old wounds may be reopened. There is some sadness and nostalgia, but the healing is real and needed. This is a time of spiritual growth. Postpone decisions regarding financial affairs, if possible, until next month.

### ***Your Personal Month for November 2010 is 8***

Oprah, November is an 8 Personal Month in a 6 Personal Year and is an excellent time for business ventures, financial affairs, and all things related to the material world. You receive recognition for past effort in the form of financial rewards, respect, and possibly promotion. Implement any changes you have been considering in your business affairs. As always, when the 8 shows up in the chart, a certain amount of balancing takes place. Punishment and reward are both possible. If you have put out sincere effort, the reward will be there. However, for some people, this month may bring bad news.

Clean out the garage or attic and donate the excess to charity.

This month's emphasize is on long-term goals.

Friends and relatives feel that you are a little distant, and may get on your case in the hope that you will spend more time with them.

Romance is not particularly important. If you are involved with someone, feelings deepen and the bond becomes stronger.

### ***Your Personal Month for February 2011 is 9***

Oprah, February is a 9 Personal Month in a 7 Personal Year. It brings a number of changes, most of them occurring inside of you. You gain clarity and understand your motivations and needs better.

You may cause some practical changes as a result of this, and even distance yourself from outdated habits or relationships. There may be some emotional turmoil connected to this, but the feeling of relief is more prominent. This is a tricky time in all areas of relationships.

Oprah, your irritation threshold is lower than usual. Irrational demands and lack of patience from your side may bring on feelings of guilt and you will probably find yourself apologizing more than once. You have strong idealistic, humanitarian, and spiritual feelings and may want to become more involved in some practical endeavors concerning one or more of these areas of life. However, you will probably postpone any active involvement for the time being, because you feel the time is not right.

Most important this month, is your enhanced clarity in all matters concerning your life and the direction it is taking.

It is a time of re-assessment of your values and priorities and the influence of this month will be felt for a long time to come.

### ***Your Personal Month for March 2011 is 1***

Oprah, March is a 1 Personal Month in a 7 Personal Year and, while you may still have a case of the blues on the early days of this month, March soon brings optimism, increased energy, and excitement. You are intellectually sharp and imaginative. You feel that anything is possible and that the sky is the limit.

Against the background of self-reflection and soul-searching that's such a major part of this year is this month's sense of spring-time in your heart. This is an excellent time to take on new challenges in your career, to start new endeavors, or, if you are in business or sales, to go out and snare that important new client.

Often, this month brings financial gain, but your attention is more directed towards intellectual accomplishments. Your pride and self-esteem get a boost.

A more difficult aspect of this month is your relationship with loved ones. You lack the necessary sensitivity to respond properly to the needs of those close to you. Oprah, you are under the illusion that everyone feels the way you do; that problems are only minor impediments that can be taken in stride. However, your optimistic attitude also inspires them, and they grudgingly respect you for the way you seem to be handling things.

A romantic experience brings passion and excitement either late this month or early next month.

### ***Your Personal Month for April 2011 is 2***

the surfaces. You take nothing for granted. Your wisdom and diplomacy will surprise people and prevent several situations from becoming explosive.

Relationships with both subordinates and higher-ups will improve. You receive support and are well-spoken of. Your intuition is keen; rely on it, and respect any premonitions you may have. Someone you meet sparks your interest, but you may find that the person is unstable and fragile. You play the role of teacher and counselor in this relationship.

Oprah, your understanding and intuition also offer you the means to heal formerly difficult relationships this month.
