LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality -- the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. Tiger, you have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality Chart!

Your Life Path is 10/1

Tiger, you are a born leader. You insist on your right to make up your own mind; you demand freedom of thought and action. You have drive and determination. You don't let anything or anyone stand in your way once you are committed to your goal. You assume the responsibility to be the protector and provider for those you love. You demand respect and attention and become irritated and even domineering when important things do not go your way.

You need to feel in command of important undertakings, and resist supportive roles. You seek the forefront and the limelight.

You are exceptionally creative and original and possess a touch of the unusual. Your approach to problems is unique and you have the courage to wander from the beaten path. You can be impatient with your shortcomings and those of others.

You are very concerned with your status and foster the appearance of success and self-satisfaction. The need to appear well off propels you to strive for growth, success and the finer things of life.

Tiger, you should watch out for selfishness, conceit and the over-concern with appearance. You must guard against overzealous behavior, anger and aggressiveness. If these qualities are not brought under control you could become excessively domineering, vindictive and even violent. You perform best when you are left to your own devices. Ideally you should own your own business

and be your own boss. Hold fast to your life's dream and work with the determination you possess to realize it. You can become overly stressed by your driven nature. Be careful about the food you eat and maintain an exercise program you enjoy. Competition sports are often a healthy outlet for a person with your drive, particularly sports involving running and swimming. Don't let pride and overconfidence be your masters. Remember, your talents and abilities are a gift from a higher source, which should promote gratitude and humility, rather than pride and conceit.

More often than not a person with a 1 Life Path will achieve much in life as long as the drive, creativity, originality and pioneering spirit are fully employed!

BIRTHDAY

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your four core numbers -- the Life Path, Expression, and Heart's Desire being the other three. It is the least significant of the four core numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

Your Birthday is 30/3

You have a highly developed creative talent. You are an artist at heart. Tiger, you could excel in writing, visual, or performing arts. If you are not professionally involved in one of these areas, you should consider taking up art as a hobby.

You are highly imaginative, quick-witted, and possess the gift gab. You have great enthusiasm. Others find you inspiring, charming, and charismatic. You are a wonderful salesman.

You are friendly and sociable, affectionate and loving. You can also be moody and subject to rapid ups and downs.

You have a fine sense of harmony and art in everything that you do -- from your dress to the way you decorate your home. You have a gift with plants and flower arranging. You can make a wonderful interior designer and a fine cook.

Tiger, you can waste your talent in too much socializing and not enough focus and discipline, however.

Be careful not to waste time and energy on trivial matters. Keep your long-term priorities in perspective.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the

Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be.

The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Your Expression is 35/8

Tiger, you have the power and potential to achieve great things. It is both your challenge and your birthright to gain dominion over a small part of the earth. Whatever your enterprise, you strive to be the best and most successful in your field. You are highly competitive and will not rest until you are satisfied that you have bypassed the opposition. You enjoy challenges and rivalry.

You are a realist and a visionary planner. Money and authority are available to you if you are willing to discipline yourself -- generally an inborn talent -- and persevere in the face of the considerable obstacles in your path.

You are dynamic and have a talent for efficiency. You understand the larger picture, see the broader challenges, and know how to marshal your collective resources to address the problems. You delegate responsibility well; it is best for you to leave many of the details to others.

Tiger, you are a great leader of people and an outstanding judge of character. You are demanding of those who work for you, often putting things in no uncertain terms: do it my way or don't do it at all!

At the same time, you don't hesitate to reward the faithful and hardworking employee. You are not a particularly tolerant leader; too much tolerance violates your sense of efficiency. You go directly after your goal with courage and tenacity.

You have a natural understanding of money, authority, and power. You are able to struggle consistently after your goal. Eventually power falls to you. Within you lies an innate balance between the higher and lower characteristics of man.

Your challenge in life is to balance your higher ideals and your understanding of the hard realities of the earth.

Much effort will have to be put out and many ups and downs experienced before you reach the level of success you desire. Life will probably test you many times with obstacles that seem insurmountable. But in reality, these are merely opportunities for you to learn how to use power and authority in the face of difficulties, and to find out just how much power lies within you.

It is crucial for your success that you balance the material and the spiritual. You have chosen a path that requires balance between giving and taking, reward and punishment, action and reaction. Despite the obstacles on your path, you are a true survivor.

When focused exclusively on your desire for results and success, you can become stubborn and intolerant; you can be driven by excessive ambition, causing you to be exacting and without perspective. Be careful of your alcohol consumption, a danger-zone for you. Tiger, you can be a social drinker, mixing business with pleasure -- a dangerous cocktail.

An excellent manager, organizer and administrator you have talents in many areas of life. Entrepreneurs, executives, bankers, brokers, negotiators, gamblers, coaches, collectors, heads of institutions, builders, art dealers, manufacturers, promoters, military officers, police detectives, smugglers, engineers, pilots or sea captains.

You have been entrusted with special gifts, the use or abuse of which has an immediate and often physical effect upon you and those around you! Use these gifts for the good of mankind and accept your own good fortune with gratitude. This is your rewarding stage in your evolution. Yours is a life time of harvest

MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name.

The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

Your Minor Expression is 27/9

The influence of this number makes you more concerned with the well-being of others. Tiger, your Minor Expression number increases your sensitivity to the

needs of society. You feel an urge to serve humanity in a more direct way.

The number 9 helps you to better communicate and understand all types of people.

You are more aware of your artistic talent and the need to express yourself. Your name opens you up to a larger view of life. It attunes you to political movements, philosophical theories, and spiritual practices. You are more sensitive to the larger patterns of humanity.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth -- you, the spiritual being.

Your Heart's Desire is 13/4

You like to live a stable, well organized life. You dislike sudden changes. You prefer orderliness in all things. You have a systematic mind that is reflected in everything you do. You can establish and maintain a routine. You are exacting with details and quite thorough.

You like to carefully analyze a problem and then tackle it in a logical and practical approach. You want to be dependable, a rock of strength and an example of discipline for others.

Work is central to your life, but you may have a tendency to overdo it; you can easily become a workaholic if you're not careful. You have a great deal of energy and can accomplish a lot.

You want a family and you are a good parent. You may carry the discipline and the need for orderliness too far, especially in your family, making children and spouse feel oppressed and limited. Flexibility is your key to harmony and balance

in life. For you, structure is more important than freedom, which you tend to interpret as chaos. But others do not have your need for well defined systems, in fact, they may feel deeply inhibited and uncomfortable with it. The peace you get from orderliness may represent a prison to someone else.

Tiger, you need and want much love, but you are not very demonstrative. You can be a little rigid and stubborn.

You are honest and unpretentious. You detest liars and affectations.

You can be very determined and tenacious. You are the bedrock of any enterprise. You have the courage to go into the nitty gritty of a problem and come up with a solution. Try not to lose sight of the larger picture and dream while you plumb the depths of the bottom line.

MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

Your Minor Heart's Desire is 8

Your Minor Heart's Desire increases your ambition and inner strength. Your ability to deal with business, managerial, and organizational matters is enhanced. You are able to focus on your goals and apply the necessary determination and effort to realize them.

Tiger, your shortened name increases your capacity for leadership and personal power. It makes you more conscious of material wealth. You are more willing to work hard to improve your status or financial position.

Your shortened name makes you more aware of being a good judge of character, and you are willing to work on this talent. This results in becoming a shrewd judge of others and a better negotiator.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your

true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with -- people or situations -- but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Your Personality is 13/4

Tiger, you radiate reliability and consistency. People trust you and feel secure with your judgment. You are seen as a cornerstone of a business and are relied upon to do your work efficiently and expertly.

You have strength and respectability. You tend to dress in a utilitarian manner, concerned mostly with convention, practicality, durability, and price. You present yourself as someone who values correctness, control, and precision.

All of this stems from the fact that your most prized characteristic is your work. You want to be judged on the basis of your performance, rather than your appearance.

You are frugal and have learned to respect a dollar. You are concerned about the security of your future and those you love. However, this may appear to others as a bit too austere.

You tend to wear earth colors and conventional attire. You could benefit by putting a little flair in your dress. Wear more uplifting colors. Loosen your dress with less severe lines. If you wear a brown suit, include a bright tie or some jewelry.

You are a family person. You love the intimacy, consistency, and the security a family provides. You are a good provider and protector. But family members may take your efforts for granted.

Tiger, you are a true patriot. You love your country and are an integral part of your community. Your consistency and adherence to your well-laid plans usually pays off in a comfortable and secure future.

MATURITY

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as

you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life. This, in a nutshell, is the gift of maturity: You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

Your Maturity is 9

Tiger, your concern for the well being of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction.

Since you have no 9s in your core numbers, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future.

HIDDEN PASSION

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that

particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

Your Hidden Passion is 9

Warm, generous and compassionate, you would do well and be quite happy in any undertaking that not only supplies you with a decent living but also is for the good of all. Tiger, you are artistic, the nine is responsible for many of our creative geniuses, however these talents are often suppressed, sometimes coming to the surface at middle or old age.

You have a strong desire for insight and universal knowledge. You are emotional, your feelings are not always sensible and they too are often suppressed. You can get caught up in dreams and ideals without being practical but with enough fire and enthusiasm to attract support. Your oratorical abilities save many a situation. You are driven to do your own thing and are quite independent.

BALANCE

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult or threatening situations.

Your Balance is 3

Tiger, be more lighthearted and optimistic in your approach to problems. Try to work with others toward a mutually satisfying solution. Use your considerable charm to influence the situation.

You can be extremely emotional when faced with a problem. Try to control this tendency; you need a degree of objectivity. You may become too personally attached to the solution you seek, thus failing to see that the outcome can be beneficial to all concerned.

PINNACLES

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle

periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life.

The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with.

You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. Tiger, you will likely make some life-altering decisions -- marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change -- internally as well as externally -- is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s -- the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

Your First Pinnacle (from birth until age 35) is 6

Under this Pinnacle you will be very involved with family, friends, and your community. Tiger, you will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well.

Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. Tiger, you must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle -- especially at its outset -- people are often married or start families. Children are born, in-laws come into your life. You

are the nucleus of a little world.

You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Tiger, your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits.

Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong, or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions -- as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

Your Second Pinnacle (from age 36 until age 44) is 7

This is a period of inner development and soul searching. Tiger, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Tiger, your desire to study in all forms -- reading, self reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge.

During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

Tiger, your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

Your Third Pinnacle (from age 45 until age 53) is 4

This is a Pinnacle of hard work and many rewards. Tiger, you have the opportunity to build a foundation that will last. Your abilities as an organizer, manager, or simply the rock of any institution are greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced.

As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Tiger, your sense of your own limits and the consuming nature of details may at times seem overwhelming.

You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster, or happen with greater ease.

The need for efficiency, orderliness, and methodical systems limit your creativity.

Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the

financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

Your Fourth Pinnacle (from age 54) is 7

(This Pinnacle is the same as the Second, as described above.)

CYCLES

Like most stories, there are three great divisions of our lives: the First, or opening period, finds us groping to find our true nature; at the same time, we are trying to cope with the powerful forces that are present in our environment, our parents and the socio-economic conditions of our family, for example. The Second Cycle, or middle period of our lives, brings about the slow emergence of our individual and creative talents. The initial part of this cycle -- the early and mid 30s -- represents a struggle to find our place in the world, while the late 30s, 40s, and early 50s, sees us with a greater degree of self-mastery and influence over the environment. The Third, or final Cycle, can represent a flowering of our inner being, such that our true nature has finally come to fruition. It is during this period that one has the greatest degree of self-expression and power.

Your First Cycle (from birth until age 26) is 3

A time of heightened self expression and much social support. Any ability you possess in the arts, especially in writing, acting, or dance, will be brought to new heights and meet with much reward. Tiger, you are socially active as never before. You will appear to others as charming, attractive, and even charismatic. Be careful not to waste your energies on too many superficial projects or relationships, however. The time requires discipline and focus in order to make the most of the great upward energy that is filling your life.

Your Second Cycle (from age 27 until age 53) is 3

(This Cycle is the same as the First, as described above.)

Your Third and last Cycle (from age 54) is 22

A time of enormous potential for establishing some lasting institution or teaching that will greatly benefit others. Tiger, you have the ability to perceive something in the archetypal world and make it manifest in the earth. Your abilities

as a builder, organizer, and visionary are at a peak. You are able to perceive a deep need in people and to create a constructive and practical plan to fulfill that need. You will be forced to commit yourself entirely to the work at hand. For many, this dream will last a lifetime and require every ounce of energy and every bit of talent. It is an all-consuming role that beckons, but one that will provide the greatest sense of personal accomplishment and reward. You are able to make a lasting contribution to the well-being of humanity.

ESSENCE

The Essence Number and the Personal Year Number are the two essential indicators of the forces that will influence your life during the course of any year. While the Personal Year runs from January to January, the Essence is most strongly felt from birthday to birthday. For example, if your essence number is 8 for the year 1988, you would begin to feel the influence of that 8 most powerfully after your 1988 birthday. The influence would begin to wane during 1989 and would finally end at your birthday of 1989.

The Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year, that is, which types of behavior will be supported by your milieu, and which ones will be less effective.

Your Essence at the age of 33 is 10/1

Tiger, you will now begin an entirely new phase of your life. You are on the threshold of a new beginning. Not only will fresh ideas come into your life, but you will accept and even embrace them. It is a time of radical change, and in all likelihood you are ready for it. Now is the time to advance the new, and let go of the old. All inefficient methods will have to be eliminated from your life. In the same way, you must let go of relationships that no longer serve your future. Discard habits and liabilities that you have been holding on to. A new identity is emerging, one that is efficient, innovative, highly creative, and courageous.

Your leadership qualities will rush to the surface. Your environment will demand that you stand up to challenges, and face difficulties head on. You can no longer hide from the truths of your life. The facts are now blatantly clear. Tiger, you must make a stand. Change is a given. But you possess the power to make those changes. All you need is the will and the energy to enact your plan.

This is a period of struggle and great reward. You have the chance to achieve independence. But it will not be handed to you. You must wrest from old habits and inertia of the past.

As with all beginnings, this one will be marked by false starts and blind alleys.

You will be forced to start again and again. You are like a baby learning to walk. There will be falls. You will have to persevere. This is a period in which your willpower will be tested. Tiger, you are, in fact, forging your own determination. You must not give up. But the rewards are great. The general influences are raising you to new heights of independence, courage, and self-esteem. At the conclusion of this 1 Essence, your self-knowledge and self-respect will be greatly increased, as will your capacity to stand on your own two feet.

Your Essence at the age of 34 is 17/8

This is a period when business and career affairs dominate your agenda. A major new opportunity will unfold to you and you will have to give yourself to it entirely to make it work. It is a time of progress and much personal power, but the demands of the time are equally large, thus requiring careful planning and attention to detail.

All business matters -- including personal economies -- will come under sharp scrutiny. Tiger, you will likely have more money than during previous years, but, conversely, you must be more careful with it.

A new start can be made. You sense the need to grasp it. But you also are aware that it must be treated with great care. Therefore, be astute in all your business dealings. Major mistakes can be made if you are not careful, and they can affect you for some years to come. It is a time of cautious use of power. You are being asked to develop wisdom in all your dealings.

Balance -- in areas from your mundane affairs to your eminently important relationships -- is the key to your success. Keep a tight control on your bookkeeping, while providing strong leadership and gentle guidance to your family or close associates.

It is also a time when old issues -- especially debts from the past -- surface with a vengeance, making it necessary to pay the piper before further progress can be made. The irony is that while you have greater resources, there are often equally large demands made of you.

This is a time, too, when you will realize that you are a survivor. No matter what difficulties you have experienced in the past, this is a period when you can regain a sense of progress in career matters. You will feel that you are doing important work, and will be richly rewarded for it.

Your Essence at the age of 35 is 20/2

Tiger, you must learn to cooperate with others in order to accomplish some greater good. This is not a time to lead, but to follow. You must be content to draw your guidance from the environment and those in positions of greater power. You must maintain your own center, but avoid arrogance, rigidity, and

stubbornness. The more you insist on your own priorities, the more resistance will you meet.

This is a period of partnerships. Your success depends on your ability to work with others.

Tiger, you will be extremely sensitive and intuitive. Your powers of understanding will be at an all-time high. These abilities will give you the insight you need to perceive subtle changes in people and situations. You will therefore be better able to adapt to changing circumstances.

Your intuition makes it possible to accomplish great tasks, even though you may not be in a leadership role. The reason: you instinctively know how to react to change, and to gently advise people to go in the right directions.

Tiger, your role as an advisor or confidant is the key to your success during this period. You are learning the lesson of interdependence. You will also come to know how valuable you can be in a more passive role. It is a period to serve, to be the helper, the assistant. Your ability and willingness to work with others will be tested and rewarded.

It is essential that you listen. Be shrewd in your evaluations of others and of situations, but do not enforce your judgments directly on people.

Your sensitivity will make it necessary for you to seek out harmonious and peaceful environments. Be careful of the health of your nervous system. You can become anxious more easily during this period. Therefore, seek out people you trust; share your deeper feelings; allow yourself to be supported by friends and loved ones. Keep your spirits high and avoid depression.

Music plays an important role during this period. Any musical talent you possess will be enhanced. You even possess a certain physical grace that can emerge in dancing, athletics, or simply walking down the street.

In your passive, centered way, you will be charismatic and attractive to others. People will sense your fine intuition and sensitivity and seek you out for private talks. Be loyal to friends and partners.

Remain strong inwardly and flexible without. In this way you will avoid the obvious difficulties and remain on your path to success.

This is a period of accomplishment through gentle persuasion.

PERSONAL YEARS

Your Personal Year number is a strong indication of the trends and circumstances you will experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and therefore run concurrent with the calendar year. Transit and Essence cycles are based on the letters of your name and run from birth date to birth date.

There are nine personal year numbers, which makes up a complete Epicycle. Each Epicycle reveals the progression or evolution of a specific part of your

growth. Tiger, your progress along this Epicycle can be seen very logically, from the infancy or beginning of a growth period in your life, to the conclusion or culmination of that process. The 1 personal year indicates your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle. Below is a description of your current Personal Year. It indicates where you are on the 9 year Epicycle.

The Personal Years form the building steps that mark your progress through life.

Your Personal Year for 2009 is 8

After last year's constant involvement with yourself and very possible occasional doubts about the state of your business or career you will find this year to be a relief, Tiger. Things finally work out. Long postponed checks and promotions come through. You see the light at the end of your financial tunnel and an inner strength and confidence is breaking through. This is your year of harvest and, depending on the effort you put out in the past seven years, your reward will be equally large.

There is a beauty in these cycles we can recognize and understand and in doing so we find ourselves "in the flow" and there is no more need to try and struggle upstream. So this year you will have an opportunity to involve yourself fully in work and material growth and bring home the rewards, at the same time a certain detachment is also necessary, for you and for the experience you have because it is not the reward that brings you happiness but your experience of life, which is why before the rewarding eight year you have had such opportunity for growth during the soul-searching of a seven year.

Give in to your ambitions, you will find yourself more clear and focused and able to pursue and reach your goals. Tiger, your power is visible and strong, mental creativity is high, vision and intuition will guide you, and at the same time you are more efficient and focused. There can be loss, serious loss, bankruptcy and failure, because always the rewards are directly proportionate to your effort and motivation, however you know the effort you put out and you know your motivations, so there must be no room for fear and doubt, only for success and winning and this year will undoubtedly turn out to be a very satisfying year.

Your Personal Year for 2010 is 9

This is your year to finish up all unfinished business, Tiger, to clean house and make room for new things. On a material level this is a good time to get rid of unnecessary weight, to give away or sell what you do not need anymore and to pay off old debts. On a spiritual level you will experience a different mode altogether. Your attention should turn to others and their needs, find ways to be of

help and give time and energy to worthwhile causes. You must lighten your burden of questions and doubts and the best way to do so is by directing your attention to another direction, away from yourself and you will find yourself becoming lighter and more in touch with your self.

This is a time of completion, problems can be solved and over with, strained relationships relax or disappear, the sources of stress in work or business can be better understood and dealt with. Be social and communicative, enjoy music and other arts. Tiger, your creativity is higher than usual.

There can be some difficulties this year due to your desire to face obstacles and overcome them, decisions have to be taken and courage and strength may be severely tested several times. This is not going to be an easy year all the time but you will feel relieved and on the brink of a positive breakthrough by the end of this year.

This is the end of a nine year epicycle. You will feel many times the excitement of a new and promising era when optimism is your friend, but you will also experience the fear of letting go. However, the more you let go, the more room there is to be filled during the next epicycle.

Your Personal Year for 2011 is 1

Be ready for major changes. Tiger, you will be inspired to start new projects or enterprises. You will feel a strong forward push toward new goals.

This is a time for vision and planning. Share your dream with others; make plans, get the necessary support, but, above all, rely on yourself as the driving force. Be decisive!

You are starting a new nine year Epicycle. Everything you do now will affect your future. Do not hold back the inner force of creation. Be direct, daring, and bold.

You will have more confidence and determination this year, particularly in comparison with last year, which was a time of letting go. This year represents a time of birth. It's a time to take charge and to apply yourself to your dream.

This is also a good time to make the personal changes you have long wanted to make: Start a diet and/or an exercise program, or begin a new course of study.

There may be some emotional turmoil, especially in the first two or three months. It takes a while to get the ball rolling. There are many changes you must make and much work to be done.

Be open-minded, organized, and focused. Avoid distractions and procrastination.

Tiger, you are at a crossroads. You will need courage and a clear head to stay on the right track.

This is a year of opportunities.

The key months in your year ahead are March, in which you are able to lay the foundation to your plans; April, in which changes take place such as a change of

residence or career; July and August mark a time in which you will see the fruits of your labors begin to take place; October represents a major turn in events, often fraught with emotional turmoil; the fall marks a coalescing of your plans into more concrete form.

PERSONAL MONTHS

Your Personal Month for April 2009 is 3

Tiger, April is a 3 Personal Month in an 8 Personal Year. The events inspire creativity and optimism, as well as a need for flexibility and adaptability. Sometimes, the early part of an 8 Personal Year brings financial challenges and problems. If this is the case, April is the most challenging time of the year.

It is a testing time that forces you to confront your lifestyle and your priorities. With the right adjustments, you can put yourself on sounder financial ground.

The month also encourages a certain detachment from trying to control financial matters too much. Once you stop controlling matters too much, your spiritual understanding of life really pays off in a practical and applicable way.

Last year's opportunities to contemplate and search for insight -- which may have seemed unproductive at times -- now prove to be your best defense on the battle ground of material progress. You are being forced to achieve a balance between the spiritual and the material, especially this month.

In any case, April will reveal to you how capable you are of doing that. Be generous but don't waste money. Focus on getting things done, but don't let financial reward be your only motivation. Introduce creativity and a playful attitude to the job at hand. And most important; don't let temporary setbacks ruin your ambition. This is a time to reach out, not to suppress.

Romance and relationships continue to be favorable. Social events bring new people. Tiger, your self-expression and sense of humor improve, and it is easy to make new friends during this time.

Your Personal Month for May 2009 is 4

Tiger, May is a 4 Personal Month in an 8 Personal Year. It is a time of hard work, progress, and opportunity. As with most of this year, the focus in May is on career and finances. There may well be a great opportunity that comes your way. This opportunity offers all kinds of changes, such as a move of residence (either in June, or in or around November), a change of employer, or a promotion.

The early part of May can be frustrating due to the need to involve yourself with routine affairs and details. You have some catching up to do. You may feel restless and bored. However, later this month brings the opportunity you have been waiting for. You are more organized and manage your time well.

You are dependable and anxious to take care of some long-postponed chores. You may decide to start a remodeling project on your house. Your relationships are more harmonious.

If you are involved in a long-term love relationship, you will find that comfort and security replace some old doubts.

Your Personal Month for June 2009 is 5

Tiger, June is a 5 Personal Month in an 8 Personal Years. It brings changes and unexpected events. There isn't much use in planning too much this month, because much will happen unexpectedly. This is a hectic and dynamic month. Go with the flow; be flexible; and trust your instinct.

If you are able to adapt to the unpredictable events of this month, your experience will be exciting and adventurous, and quite possibly profitable. However, if you insist stubbornly to stick to your plans and expectations, you will be disappointed.

You are in a position to show your special talents and abilities to people who can be influential in your career.

You are able to think on your feet and your reflexes are sharp. This time is particularly good for those who are in retail, real estate, or some other business that's based on sales and closing deals. Financial gains are often considerable.

Travel is possible and favorable. This is also a good time to move, or change your environment in some way.

Romance is very exciting and, if you are single, you will have to hide out to keep from meeting someone. People gravitate to you and the opposite sex is more than usually attracted to you.

Your Personal Month for July 2009 is 6

Tiger, July is a 6 Personal Month in an 8 Personal Year. It is an excellent time for business and financial affairs. Respect and recognition for past efforts is followed by financial gain or promotion. You are in a position to ask and receive what you believe to be your due. However, you may find that you are not as diplomatic as you might be. This is your most challenging weakness during this month. Guard against arrogance. Your responsibilities increase possibly as a result of a promotion.

Family affairs, friendships, and romance also move to the foreground and are rewarding and healing. You will be asked to sacrifice some of your time and energy to a younger person or someone who is old or sick. You feel closer to the people around you and you want to be there for them.

Somewhat contradicting to this show of warmth and affection is the lack of tact

and sensitivity you may display a number of times during this month. Tiger, you may be too intent on forcing people to see life as you do, rather than allowing them their own perspectives and their own rates of growth.

The later part of this month brings changes that arise from a chance meeting at a social event. This change may be based on a romantic encounter, and may affect your living situation.

An unexpected travel is also a possibility.

Your Personal Month for August 2009 is 7

Tiger, August is a 7 Personal Month in an 8 Personal Year. The emphasis changes from outgoing to inward seeking. You are more serious now and self-reflective. You question the wisdom of some of your decisions and choices made during the past ten to twelve months. You keep to yourself, and are generally less social.

You are engrossed in your work and feel a need to do a better job. Your desire for perfectionism is strongly enhanced, which results in self-criticism and impatience with others. At the root of this change in attitude is a spiritual need for clarity and understanding. You want more security, both internally, as well as in your more worldly roles. Tiger, you would do well spending some time alone for contemplation and meditation. In this respect, August stands out during this otherwise "material" year.

Family and friends take a backseat during this period. There are strong feelings connected to your relationships with your loved ones, but these are experienced and expressed more subtly.

Romance becomes more serious. You share mental, spiritual, and emotional experiences on the deepest level. There is no room for superficial exchanges. Your relationship with the person you are attracted to intensifies and becomes stronger as a result.

Your Personal Month for September 2009 is 8

Tiger, September is an 8 Personal Month in an 8 Personal Year for you. This is a month with great potential for your career and finances, especially to increase your finances for the long-term.

It is a time to be aggressive and outspoken. Your authority is needed and you will have to apply yourself one hundred percent. However, there is another side to this month. You may feel that you have reached the pinnacle of your career, or that work and other areas of your life have become dull and monotonous. You may feel you need a break.

You are approaching a time of deep inner change. Several times during your life you have reached a point at which you need to break out of a cocoon. All evolution is gradual, but periodically interrupted by sudden bursts of growth, or change.

Tiger, you are at a stage in your life when you feel ready for such a change. However, you are not clear about the true nature of this change and, while you may feel inspired to force some practical changes now, you should approach this with care. Avoid impulsive decisions as well as any contractual arrangement that would tie you down for a long time.

You need to rely on your own strength and feel confident that you have a certain amount of control over your own future. You should relax and let things develop at their own pace.

Social events are highly favorable and there will be ample opportunity for that.

Your Personal Month for October 2009 is 9

Tiger, October is a 9 Personal Month in an 8 Personal Year. It marks the beginning of the end of a certain era in your life.

Now you begin to let go of certain expectations you have long held. There is a feeling of emptiness and of "what now?" The time has not yet come to respond to these feelings in a practical way. Now is the time to begin to become comfortable with the need to change. The changes contemplated involve both personal and professional life.

For these reasons, October could become an emotional time. Some melodrama and role playing is actually a subconscious way for you to test the people around you, and the depth of their commitment. You are also testing your own position towards people, career, environment, spiritual beliefs, and other aspects of your life. You have, even if you are not aware of it, already begun the process of selecting what you want to remain in your life and what you want to discard.

This process, which continues through different stages over the next 2 years, is natural and nothing to be afraid of. You are entering a period of reawakening. This means a letting go of some of the comfort and security that surrounded and protected you for many years.

Start giving some of your energy to a good cause that benefits others. Ultimately, it will benefit you. It takes the spotlight of your doubts and questions, and gives you strength and confidence.

For October, practical matters can be handled with ease. It is much better to pay off debts than to incur new ones. Completion is favored over new starts. It is a time to tie up loose ends, not so much to begin new projects. It is a time to clean up and prepare for new things coming into your life.

Tiger, you are not in the right mood to pay much attention to romance or personal relationships of any kind, unless it's to test the strength of the relationship.

You may be a little judgmental and self-righteous and will need to guard yourself against this sort of thing.

Your Personal Month for November 2009 is 1

Tiger, November is a 1 Personal Month in an 8 Personal Year. It brings confidence, independence, and individuality. Now, you are driven to take up new challenges, tackle new projects, and get a firm grip on your life. You have energy to spare and you use this to inspire and motivate others.

You feel that there is nothing you can't deal with. You are ambitious and result-oriented. You receive an opportunity that will have long-ranging effects on your life. You are confident, but also a bit stubborn and hardheaded. You are direct and not as sensitive to other people's feelings as usual.

This is a good time for business and finances. It is a time to be decisive and adventurous, not a time to be conservative. Courage and originality are key ingredients needed to take full advantage of this cycle. You are more stable and outgoing in your personal life, much to the delight of friends and relatives.

You are also generous and inspiring, but not in the mood to deal with the petty stuff. You are a little impatient.

Romance may prove to be the most challenging aspect of this period. The chances of meeting someone are good, but your approach may be too aggressive and lacking in sensitivity.

If you are married, or otherwise committed, a small warning: not everyone is on the high curve of his/her cycle, so be patient.

Your Personal Month for December 2009 is 2

Tiger, December is a 2 Personal Month in an 8 Personal Year and shifts the focus to relationships and all affairs of the heart.

Co-workers are demanding, not only in work-related matters, but also in personal areas. You may catch some flack, or become involved in conflicts that don't appear to have anything to do with you. All your tact and diplomacy are needed to maintain harmony in the work place. However, you are better equipped to deal with sensitive affairs than usual and you manage to diffuse most of these potentially explosive affairs.

Pretty much the same experiences await you regarding relationships with relatives and friends, but here too, you are able to keep the peace.

Tiger, your intuition and sensitivity are your strongest assets during this month.

There is, however, also a need to stand up for yourself. Someone is about to

claim credit which rightly belongs to you. Again, diplomacy and tact are required to solve this problem.

This is also a good month for negotiation and financial affairs, particularly concerning loans and mortgages.

Romance can be powerful, but may cause problems when money is involved.

Your Personal Month for January 2010 is 1

Tiger, January is a 1 Personal Month in a 9 Personal Year. It brings progress as well as some turmoil. Your career offers opportunities that should be taken advantage of, but you may also be wondering if you want to continue on the path you have chosen. A change of course may be taking shape. You may want to focus more on the ideas you had at the beginning of your professional life. Even if you do not have a career, a return to the idealistic views you had at an earlier time cannot be avoided now.

A similar desire for purity and idealism influences your relationships with friends and relatives. You find yourself confronting some of the people close to you. You may decide that some of your relationships are no longer desirable.

You experience emotional ups and downs, caused by a need for confirmation of your love on one hand, and a tendency to be critical and judgmental on the other. You are aggressive and emotional at times. This combination may shake the foundations of many of your relationships. Undoubtedly, some of these foundations may crack, but others will prove to be strong and remain undamaged.

Financially, this is a time to be extremely careful.

Your Personal Month for February 2010 is 2

Tiger, February is a 2 Personal Month in a 9 Personal Year. It awakens you to many of the underlying factors that influence your career and personal life. You are highly intuitive; you experience strange and vivid dreams; and you gain insights that border on psychic premonitions. At the same time, you continue to be vulnerable in the emotional area. Any kind of criticism can devastate you. You should avoid confrontations. You are in a position where you can gain considerable understanding of the motivations and desires that influence you, as well as others.

This is an important and valuable time, because you are learning much about the true nature of human beings, including yourself. The challenge here is to see yourself and others in a spiritual light, with love and forgiveness.

Some people who go through this particular cycle experience bitterness and anger. For others, this cycle brings faith and gratitude. For everyone, the impressions are lasting.

Romance is powerful; you see and hear and feel more fully than usual, which brings an added intensity to the experience of love.

Your Personal Month for March 2010 is 3

Tiger, March is a 3 Personal Month in a 9 Personal Year. It lightens things considerably. You are not nearly as vulnerable as last month. You are more playful. You express yourself easily and you manage to inspire and motivate others.

You receive some positive information about your career and your financial status. Meanwhile, you are considering some big changes in these areas of your life. You may want to keep your thoughts to yourself, or share them only with one or two of your most trusted confidants. You are not ready to make decisions or take steps that are irreversible, but that time will come soon.

This is an exciting time, when everything seems more intense, more alive. You are more creative and communicative.

Tiger, you should take the time to enjoy yourself. Go on a vacation. Visit friends. Be social. Give yourself a break.

Romance is favorable, but you have to guard against irresponsible and superficial behavior.

Your Personal Month for April 2010 is 4

Tiger, April is a 4 Personal Month in a 9 Personal Year. It requires hard work, an eye for details, and dependability. Your career is a top priority and requires much of your attention. This is a difficult month with frustrations and a sense of urgency. Perseverance is the key.

There is another feeling that starts moving to the foreground. You feel a little tired, ready to surrender. Your energy level is lower than usual and this makes it harder to keep up with your duties and responsibilities.

However, this is not a good time to slow down. It is a time that can bring opportunity and an unexpected insight into a new direction in life. You are at a point in your life when you feel that you have been stagnant. Change is needed.

This month will bring some practical insight and ideas as to how this change can be accomplished. This is a good time for business ventures and investment. It's also a good time to work on the house and garden.

Romance is understated, but emotional stability is hard to maintain. Don't make many any big changes or decisions in the emotional realm for now.

Your Personal Month for May 2010 is 5

Tiger, May is a 5 Personal Month in a 9 Personal Year and brings many changes and ideas that start you in a different direction.

You are restless and impatient. Your energy is scattered but you are ready to make a big step forward. A move of residence or a travel will bring inspiration.

You are at an important stage in your life where you feel a bit in limbo, but you also know that a change for the better is imminent. You feel excited and confused at the same time.

You do not really understand what is going on, and the motivations that have guided you for many years now seem outdated. You question your underlying values and desires. You feel a loss of direction. Your best approach is to wait things out. Do not start any new endeavors unless you are very sure you will follow through on them.

Social events are highly favorable. Tiger, you need to be around people. You need to be loose and enjoy yourself. As I mentioned earlier, you are going through enormous changes this year and next year, and for that reason, interaction with others is therapeutic. It helps you deal with the turbulence that takes place inside.

Your Personal Month for June 2010 is 6

Tiger, June is a 6 Personal Month in a 9 Personal Year and brings stability, strength, and understanding of yourself and the many roles you play in this life. Some relationships may undergo a test this month. This whole year is a time of letting go of certain people, behaviors, and roles that you have outgrown. June is particularly important in sorting out your feelings for others. Relatives and friends seek your company, but you may respond with aloofness and indifference.

An important challenge this month is to be honest and open in your relationships. You may tend to bottle-up your feelings.

This is a good time for career and finances, even if you feel a lack of interest for these matters. Romantic relationships are particularly fragile right now. However, if your love-relationship survives this period, you know that it is based on true substance. It will be stronger and lasting.

Your Personal Month for July 2010 is 7

Tiger, July is a 7 Personal Month in a 9 Personal Year. It represents a time of insight and awareness. You start to realize the magnitude of the deep inner changes that are taking place and this fills you with a combination of fear and excitement. You know that the time has come to face up to important decisions that will affect your life, as well as the lives of those close to you for a long time to come.

Your fear is based on your indecision and inability to know if what you want to do is right. Your excitement comes from the knowledge that at least something is happening. In this situation, the key is to choose what feels right. Rely on your

heart and your intuition, and have faith in yourself and your Creator.

Tiger, your career and finances are not priorities, except when they relate to plans you may have for the future.

This is a time to prepare for the long-term, not to reach for immediate rewards.

Your Personal Month for August 2010 is 8

Tiger, August is an 8 Personal Month in a 9 Personal Year. It brings financial matters to the foreground. Take a close look at your financial situation and adjust your lifestyle accordingly. Pay off debts. Tie up loose ends. Clean up this area of your life.

Often, an 8 Personal Month, 9 Personal Year brings a stroke of luck; a payment from a forgotten source, or an inheritance.

Use any extra income you might have to pay off your debts.

You are facing a future that requires some risk taking, or investment. Perhaps you have been thinking about a complete career change, or starting your own business. Either way, you need to get a clean slate before the end of the year.

You also receive recognition and compliments for effort put out in the past, which may result in a promotion.

Romance is in better shape than the last two months. If you are committed to someone and have experienced some troubles in the relationship, you will find stability and comfort this month. If you are single, you may meet someone through work or business.

Your Personal Month for September 2010 is 9

Tiger, September is a 9 Personal Month in a 9 Personal Year. Now your desire for change reaches a climax. You are taking steps to implement changes you have been considering for some time. Nothing is stable right now, but that should not worry you.

You are making progress in hidden ways. You feel insecure about the future but you rightly know that these changes have to be made. There is a lot of adjusting that has to be done, not only for you, but also for the people close to you.

More than at any other time this year, you let go of the old and prepare for the new. This takes place in every area of your life; spiritual, emotional, and material. However, this is not a month to make impulsive decisions and starting anything new should be postponed until very late this month or next month.

A disappointment in romance is possible but will clear the air for future engagements.

Your Personal Month for October 2010 is 1

Tiger, October is a 1 Personal Month in a 9 Personal Year. It is a month of new beginnings, new people, and renewed energy.

While most of this year feels like the end of a long day of hard work, with low energy and a desire to put your feet up, October feels like you just had cup of coffee. You are ready to get started, to roll up your sleeves and tackle whatever project is in front of you. This is a time to aggressively pursue the plans you have made in the past. It is a time to act, not to dream or question. Take a chance. Show courage.

This is also a time that requires independence and self-confidence. Don't let the cautious words of others slow you down.

There is some danger connected to financial wheeling and dealings. Be very careful who you trust with your money. Friendships are renewed. You may also meet someone you haven't heard from in some time and this person will play a role in your plans for the future.

Romance is favored, particularly if you are single. Tiger, you may meet someone who becomes a permanent fixture in your life.

Your Personal Month for November 2010 is 2

Tiger, November is a 2 Personal Month in a 9 Personal Year. You may find yourself wondering what happened to last month's energy. You feel a little burned out and you are not sure about the direction your life has been taking in the past several months. You may question whether you are trying to change too much of your life. You are moodier than usual and don't seem to be able to get things started. You are extremely sensitive and take the opinions of others more serious than usual. This is a time to take things slowly, to spend time in self-reflection and contemplation, to find strength and stability in yourself instead of in the circumstances around you.

Your relationship to the people close to you improves and a lot of healing takes place there.

Romance also is highly favorable, particularly if you do not try to make the impression that you are stronger than you really are.

You are more susceptible to illness and would do well to refrain from alcohol or anything else that weakens your system.

Your Personal Month for December 2010 is 3

Tiger, December is a 3 Personal Month in a 9 Personal Year. It's time to lighten up. Be playful, enjoy yourself. Don't take things too serious. It is time to recharge your batteries.

There will be ample opportunity for social events and you should take advantage of that.

Your creativity is enhanced, and so is your sense of humor. This is not a time to force any issues. Let things happen at their own pace.

You are approaching a time of more energy, more opportunities, and progress, but before that happens, take this month to rest and relax.

Tiger, you are entering a 1 Personal Year which brings much progress and a new beginning. This 9 Personal Year has been a year of letting go, next year is a time of renewal, almost rebirth.

Your Personal Month for January 2011 is 2

Tiger, January is a 2 Personal Month in a 1 Personal Year. This is not a month to make important choices or decisions without a lot of careful consideration. Begin this process by taking a critical look at your current state of mind.

This is a month of some confusion and self-doubt. More mercurial than usual, you will likely switch from optimism to pessimism, and back again. This is to be expected when you are right in the middle of a major personality overhaul.

January is your first month of a new long-term cycle. Many of the changes you are going through require approximately two years; you have now begun the second of those years. Tiger, your transformation can be compared to a low-level reformat of your inner hard-disk. When the job is done, much of the information is replaced, gaps are closed, and the bugs are ironed out. You can look forward to a time of greater self-confidence, more energy, and a refreshed and more positive outlook on life.

A 1 Personal Year, 2 Personal Month is highly charged in the areas of romance and friendships. You may well meet someone who will touch your heart deeply.

Friendships intensify and can be very comforting and healing.

You will likely find yourself being helpful to others, particularly as a counselor or adviser. The energies implicit in the month give you greater sensitivity to feelings -- yours, as well as those of others.

You will be tactful and capable of creating harmony where there was turmoil. At times, you may be overly sensitive, and may not handle criticism well.

The month starts slowly and with some difficulties. However, once you've passed the mid-point, you increasingly gain confidence, direction, and momentum toward your goals.

Your Personal Month for February 2011 is 3

Tiger, February is a 3 Personal Month in a 1 Personal Year. It brings objective reasons for optimism. Now there is a sense of promise in the year. You see your direction a little clearer. There is a sense of beginning. This causes you to lighten up and become more social, especially during the latter part of the month. People are attracted to your upbeat attitude. You attract support from unexpected sources. A new project ignites your excitement, energy, and motivation, all of which you are able to communicate to others.

The real work does not start until next month, and for that reason, this month offers some time for planning, as well as leisure and rest. You are quick-witted and your sense of humor is enhanced. Friends are drawn to you and there will be plenty of invitations for social events.

and you feel more comfortable talking about your feelings, your expectations, and your dreams.

Your Personal Month for March 2011 is 4

Tiger, March is a 4 Personal Month in a 1 Personal Year and is the time to deliver; to show yourself and everyone involved that you are able and willing to do whatever it takes to reach your goals. It is a month to put your nose to the grindstone and to work on all the details.

This is also a month in which your ability to plan and organize future events is greatly enhanced. So, too, is your clarity of mind. You gain confidence in your abilities and yourself. It's time to move; to make things happen. Do not procrastinate. Do not avoid work or effort.

Slacking would be a serious mistake.

The month can be a little frustrating because so much of your energy will have to be directed to work and details, even routine matters. But this is a time that will likely bring forth an important opportunity, and result in real progress.

It's surprising, therefore, that against such a serious and work-oriented backdrop, romance can bloom. Someone is impressed with your down-to-earth, go-getters approach and your can-do mentality. Tiger, you will find yourself in demand.

Your Personal Month for April 2011 is 5

Tiger, April is a 5 Personal Month in a 1 Personal Year. It brings change in many practical areas of your life. As explained earlier, this year and last combine to bring about major changes. April brings many of these changes to the surface. They can include a change of residence or in career.

The month often includes travel. You can count on a dynamic month, hectic even, but also adventurous and exciting.

Consequently, the month requires flexibility and a willingness to accept change. Adapt. Respond. Embrace change. The more you allow yourself to flow with the circumstances, the easier and more successful this month will be. Be ready for surprises, but don't worry; the changes will streamline your ship and make your progress easier and more efficient.

Tiger, your ability to promote yourself and your ideas is also enhanced. You have an uncanny talent to be in the right place at the right time this month. Both at work and at social events, you'll be able to advertise your talents and abilities. People will be drawn to you.

With all this excitement, it may be hard to concentrate and focus on the job at hand. You'll need self-discipline in order to prevent the scattering of your energy. Unless you concentrate, you may realize at the end of this month that you did not get a lot done. Romance reveals a self-indulgent and perhaps irresponsible streak in you and should be handled with the utmost care.
